

Short Summary of Assessment Plan

June 1, 2008: Preliminary Assessment Report

1. Identify selections for two or three core activities, related to Student Learning and Engagement and/or Global Understanding and Diversity.
2. Under each core activity, list which programs, services, or projects will be included in the Final Assessment Report.
3. Identify your intended in-depth research question for assessment of one outcome related to one core activity in the department.
4. Indicate what support/training you need from the Assessment Committee.

December 1, 2008: Final Assessment Report

1. Core Activities Analysis: Discuss two or three core activities and provide analysis and discussion with supporting information for each of the four measures provided (cost, magnitude, needs/satisfaction, and outcomes). Methodologies should be explained.
2. Assessment Question: Each department shall answer one assessment question related to a learning outcome related to a project which is under Student Learning and Engagement, or Global Understanding and Diversity.
3. In addition to the general analysis of the learning outcome, be sure to discuss the following topics:
 - a. What question was asked? What group of individuals did the question focus on?
 - b. Describe how the question was answered.
 - c. What did you learn from the assessment?
 - d. What actions did or will the department take/consider to improve learning/engagement/interest?
 - e. Are follow-up studies planned?
 - f. What can Student Affairs and/or the University of Florida do to help?
 - g. What actions, if any, did you take based on last year's assessment findings?
