The Presidential Service Award is intended to recognize students who have dedicated their time and efforts while at the University of Florida to promoting social justice, community awareness, and civic engagement on campus and in the community.

The Presidential Service Award is a chance to acknowledge those students who have made outstanding efforts towards community service and too often go unrecognized and unrewarded for their selfless labor.

This year marks the 10th anniversary of the Presidential Service Awards. The students being recognized this year completed 31,018 hours of service in the past 12 months. In monetary value, these service hours are valued at approximately $658,822.00.
